Spring-Loaded Shoe

Spring-Loaded Frame

- Best everyday hand truck for rigorous universal needs.
- Foot operated trip spring allows shoe to fold down or up.
- Fold shoe up for storage or against the wall on a delivery truck.
- Fold shoe down to easily push under your load / pallet.
- Once shoe is under desired load, lift truck to lock shoe in place, and break-back load for transport.
- 4-Wheel design for improved control, handling, and capacity.
- Rubber grip twin handles improves operator control.
- (2) 10" Solid rubber front wheels for smooth handling over uneven surfaces.
- (2) 6" Rubber rear swivel casters improve ease of maneuvering.
- Solid welds for superior durability.
- Ships fully assembled, ready to use.
- Made in the U.S.A.

- Ideal for casino slot machines and other large items.
- Frame suspension allows frame-and-shoe to slide down when truck is tilted back.
- Lowered frame/shoe improves operator's visibility and handling with tall loads.
- Shoe suspension makes tilting back heavy loads easy.
- Lock pin included to lock suspension feature, if preferred for certain loads.
- 15' built-in retractable nylon safety strap secures load.
- 4-Wheel design for improved control, handling, and capacity.
- Hand Brake gives operators added control and safety.
- Standard and extended frame options available.
- Lightweight aluminum with solid welds for superior durability.
- Ships fully assembled, ready to use.
- Made in the U.S.A.
